**EXECUTIVE /
MANAGEMENT
COMMITTEE
REPORT**

Dr. Lilly reported that the Committee previously asked Board staff to explore electronic bank transfer as an additional payment option for licensees and applicants. Having been notified that electronic bank transfer is a viable option, the Committee recommended that the Board transition to accepting electronic bank transfer as a second accepted form of payment, with implementation at Mr. Spangler's discretion to avoid initial implementation during the upcoming renewal period. The motion of the Committee was given by Dr. Lilly, and the motion carried without opposition.

Dr. Lilly reported that the Committee considered a request from Albaraa Abdullah M. Badawood, MD, for sponsorship to sit for a fifth attempt at Step 3 of the United States Medical Licensure Examination (USMLE). The USMLE allows candidates four attempts to successfully pass any step of the exam sequence and may permit a final attempt with board sponsorship. Dr. Badawood, who previously held an educational permit issued by the Board, submitted documentation to the Board, including a letter of support from his former program director at West Virginia University. In this instance, based upon all of the facts and information available to the Committee, the Committee recommended that the

Board sponsor Dr. Badawood to take Step 3 of the USMLE one additional time. The motion of the Committee was given by Dr. Lilly, and the motion carried without opposition.

Dr. Lilly reported that the Committee considered an inquiry related to prophylactic prescribing of medications via telemedicine and directed Board staff to research this issue. The Committee will further consider the matter in March.

Dr. Lilly reported that the Committee considered an inquiry referred at the request of the West Virginia Secretary of State's Office related to the naming of a corporate entity. The Committee directed Board staff to advise the requesting real estate company and the Secretary of State's office that the Board does not grant a waiver for the requested name and encourages the company to select a name that does not include the term "medical", which may be misleading to the public.

Dr. Lilly reported that the Committee reviewed correspondence that was received from a licensee in relation to statutes and policies regarding the prescribing of opioid medications. The Committee directed staff to refer this matter to the Office of the Inspector General and to respond to the licensee and advise as to how to make a complaint or file a report concerning any specific provider of concern with the appropriate licensing board.

Dr. Lilly reported that the Committee reviewed the West Virginia Medical Professionals Health Program (WVMPHP) Biannual Statistical Summary and Educational Activity Reports. P. Bradley Hall, MD, Executive Director of the WVMPHP, will provide a WVMPHP budget update at the March 2025 meeting. The Committee appreciates the work of the WVMPHP and looks forward to the March discussion with Dr. Hall.

One recommendation proposed by the Registered Nursing Board was acceptable to the Committee, but the other proposals made were incompatible with the purpose and intent of the advisory opinion. The Committee directed Board staff to communicate with the Registered Nursing Board concerning the proposed modifications and the Board's response thereto. If consensus between all boards cannot be reached, the Committee determined to pursue publishing the opinion in concert with the Board of Osteopathic Medicine and the Board of Pharmacy.

Dr. Lilly reported that Board staff continue to work with the West Virginia Purchasing Division to procure a new database and website.

Dr. Lilly reported that Scott Wilkinson, who served as the Board's IT Coordinator since 2014, retired at the end of December. The Board appreciates Mr. Wilkinson's many years of service and wishes him the best in his retirement. Following Mr. Wilkinson's retirement, three current staff members have transitioned into new roles. Additionally, a new receptionist/administrative office assistant has been hired, and will begin her employment with the Board on January 27, 2025.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Lilly, and the motion carried without opposition.

Dr. Sheth reported that the Legislative Committee met yesterday, January 12, 2025, at which time Mr. Spangler reported that the Legislative Rule-Making Review Committee has approved the proposed modification to W. Va. Code R. § 11-13-1 *et. seq.*, *Waiver of Initial Licensing Fees for Certain Initial Licensure Applicants*, which updates the sunset provision from August 2025 to August 2030. The rule will be considered by the West Virginia Legislature during the 2025 session.

Dr. Sheth reported that at the September 9, 2024 meeting, the Board authorized staff to pursue the introduction of proposed bills which would update the West Virginia Medical Practice Act, authorize the Board of Medicine to license and regulate genetic counselors, and authorize physician assistant ownership of professional limited liability companies and foreign medical corporations. At the recommendation of legislative staff, the genetic counselor bill has been combined into the Medical Practice Act bill. Board staff will continue to seek sponsors for the bills.

Dr. Sheth reported that the Committee discussed potential topics that may be considered during the upcoming legislative session, which include:

- reintroduction of the bill that was introduced during the 2024 legislative session which would transfer the duties and licensing from the West Virginia Board of Osteopathic Medicine to the West Virginia Board of Medicine;
- modifications to existing licensure pathways and/or alternate pathways to licensure; and
- medical school graduates who remain unmatched in a residency program following graduation.

The Committee provided Board staff with general direction regarding the above-mentioned topics. Board staff will closely monitor bills that are introduced and will keep the Committee and Board apprised throughout the session.

Dr. Sheth reported that the Committee directed Board staff to engage in outreach, including to the Federation of State Medical Boards (FSMB), on the subject of seeking

interest in a national survey or research initiative to evaluate specialist referrals, specifically the length of time it takes from specialist referral to the initial appointment and the incidence of such referrals being scheduled at the initial visit with the specialist physician or with non-physician health care staff.

Dr. Sheth reported that the Committee established the following interim meeting dates during the 2025 legislative session:

- February 26, 2025
