

**BEFORE THE WEST VIRGINIA BOARD OF MEDICINE**

**IN RE:**

**DELENO H. WEBB, III, M.D.**

**CONSENT ORDER**

The West Virginia Board of Medicine ("Board") and Deleno H. Webb, III, M.D. ("Dr. Webb") freely and voluntarily enter into the following Consent Order pursuant to West Virginia Code § 30-3-1, et seq.

**FINDINGS OF FACT**

The Board and Dr. Webb stipulate to the truthfulness and accuracy of the facts, as set forth herein below:

1. Deleno H. Webb, III, M.D. (Dr. Webb), holds a license (#09413) to practice medicine and surgery in the state of West Virginia.

2. On or about June 18, 2014, the West Virginia Board of Medicine received a Report of Investigation regarding Dr. Webb from a West Virginia insurance provider [hereinafter "Reporting Provider"] identifying concerns of inappropriate prescribing of controlled substance narcotic medications.

3. On July 13, 2014, the Complaint Committee of the Board reviewed and considered the reported information and elected to initiate a complaint, Complaint No. 14-69-W, to review and investigate the allegations it received regarding Dr. Webb.

4. The Complaint Committee conducted an investigation into the allegations set forth in Complaint No. 14-69-W. In association with its investigation, the Committee sought medical records for twenty four individuals for whom Dr. Webb had prescribed controlled substances, including certain members of Dr. Webb's family.

5. In response to the Committee's subpoena for medical records, Dr. Webb produced medical records for Patients 1 through 21, and Patients 23, 24 and 25.<sup>1</sup>

6. Patient 22 is an immediate family member of Dr. Webb. Dr. Webb avers that he did not produce a medical record for Patient 22, because he did not maintain a medical record for this family member.

7. Dr. Webb wrote multiple prescriptions for scheduled controlled substances to Patient 22.

8. Dr. Webb failed to maintain a medical record in association with his treatment of Patient 22, and therefore has no evidence to justify his course of treatment of this patient.

9. Patients 19 and 21 are also immediate family members of Dr. Webb.

10. Dr. Webb prescribed both Patient 19 and Patient 21 scheduled controlled substances including concurrent prescriptions for opioid medication and benzodiazepines.

11. Dr. Webb's medical record for Patients 19 and 21 are substantially incomplete and fails to justify the course of treatment for these immediate family members.

12. With respect to other patients, whose records were produced to the Board, Dr. Webb commonly treated the patients with excessive dosages of opiates and benzodiazepines.

13. Dr. Webb did not take appropriate action to address some patients who had drug screen results which were inconsistent with the prescribed medication regimen. In some cases he continued to prescribe scheduled controlled substances to patients who tested negative for prescribed medications and/or tested positive for substances not prescribed.

---

<sup>1</sup> To protect the confidentiality of Dr. Webb's patients, a confidential patient key has been utilized.

14. On or about December 3, 2014, the West Virginia Board of Medicine received a second report regarding Dr. Webb. This report was in the form of a letter of concern regarding Dr. Webb from another West Virginia physician ("reporting physician").

15. The reporting physician advised the Board that he had been treating Patient 25 for opiate addiction for the past several years. Patient 25 was on naltrexone for the past several years, and had consistently screened negative for opiates while under the reporting physician's care.

16. Upon a review of Patient 25's Controlled Substance Report from the KASPER system in Kentucky, the reporting physician noticed that Dr. Webb was prescribing an "out of the ordinary large amount" of opiate medications along with benzodiazepines to Patient 25.

17. On January 11, 2015, the Complaint Committee of the Board reviewed and considered the reported information and elected to initiate a second complaint against Dr. Webb, Complaint No. 15-15-W, to investigate his treatment of Patient 25.

18. Patient 25, a Kentucky resident who traveled to Huntington, West Virginia to be treated by Dr. Webb, had his prescriptions from Dr. Webb for scheduled controlled substances dispensed by Kentucky pharmacies.

19. Dr. Webb's medical records for Patient 25 indicate a diagnosis of "pain disorder related to psychological factors."

20. Dr. Webb's medical record fails to justify the course of treatment, including prescribing, for Patient 25.

21. Dr. Webb has advised the Board that he has decided to retire from the practice of medicine, and seeks to wind down his practice and surrender his West Virginia medical license in lieu of proceeding to hearing upon the disciplinary charges pending against him.

22. The Board and Dr. Webb voluntarily enter into this Consent Order to resolve all pending complaints initiated against Dr. Webb, and to protect the public interest.

### **CONCLUSIONS OF LAW**

The Board and Dr. Webb stipulate to the following conclusions of law:

1. Dr. Webb's license to practice medicine and surgery in the State of West Virginia is subject to regulation and discipline by the West Virginia Board of Medicine, the "regulatory and disciplinary body for the practice of medicine and surgery" for physicians, podiatrists and physician assistants in West Virginia. W.Va. Code §30-3-5 and §30-3-7(a).

2. The Board has a mandate to ensure "a professional environment that encourages the delivery of quality medical services" to protect the public interest. W.Va. Code §30-3-2.

3. The West Virginia Medical Practice Act sets forth conduct which may render an individual unqualified for licensure or subject to discipline or other restrictions upon licensure. W.Va. Code §30-3-14. Pursuant to W.Va. Code §30-1-8(c), the Board has promulgated legislative rules that "delineate conduct, practices or acts which, in the judgment of the board, constitute professional negligence, a willful departure from accepted standards of professional conduct and/or which may render an individual unqualified or unfit for licensure, registration or other authorization to practice." W. Va. Code R. §11-1A-12.

4. Probable cause exists to substantiate disciplinary charges against Dr.

Webb and to restrict his licensure, or impose sanctions on him, pursuant to:

- (a) W. Va. Code §30-3-14(c)(17), W. Va. Code R. §11-1A-12.1.e and 12.1j, and W. Va. Code R. §11-1A-12.2.d, relating to unprofessional conduct including, but not limited to, any departure from, or failure to conform to, the standards of acceptable and prevailing medical practice and/or conduct that "is calculated to bring or has the effect of bringing the medical or podiatric profession into disrepute, including, but not limited to, any departure from or failure to conform to the standards of acceptable and

prevailing medical or podiatric practice within the state, and any departure from or failure to conform to the current principles of medical ethics of the AMA;" and/or

- (b) W. Va. Code §30-3-14(c)(11), W. Va. Code R. §11-1A-12.1.u, and W. Va. Code R. §11-1A-12.1.jj, relating to the failure to keep written records to justify the course of treatment; and/or
- (c) W. Va. Code §30-3-14(c)(13) relating to prescribing a controlled substance other than in a therapeutic manner in accordance with currently accepted medical standards and in the course of the physician's professional practice; and/or
  - i. For the use of his or her immediate family when the licensee knows or has reason to know that an abuse of controlled substance(s) may result from such a practice; and/ or
  - ii. In such amounts that the licensee knows or has reason to know, under the attendant circumstances, that the amounts prescribed or dispensed are excessive under currently accepted and prevailing medical practice standards.

5. It is reasonable, appropriate, and in the public interest to permit Dr. Webb to surrender his West Virginia medical license permanently, in lieu of conducting and completing the investigatory process on pending investigatory matters and in lieu of instituting disciplinary proceedings upon these complaints.

### CONSENT

By signing his name to this Consent Order, Deleno H. Webb, III, M.D., acknowledges that he understands and agrees with the following:

Dr. Webb is aware of his legal rights in this matter, in addition to his right to be represented by counsel at his own expense, including: the right to a formal hearing, after reasonable notice, before the West Virginia Board of Medicine on the disciplinary charges before the Board; the right to confront and cross-examine witnesses against him; the right to present evidence and testify on his own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to appeal under Chapter 29A of the West Virginia Code in the event of a final order or decision adverse to him;

7. With the exception of his right to an attorney, which he has exercised, Dr. Webb knowingly and voluntarily waives all such additional legal rights, and agrees to the entry of this Consent Order relative to his practice of medicine in the State of West Virginia;
