

**BEFORE THE WEST VIRGINIA BOARD OF MEDICINE**

**IN RE:**

**Complaint No. 21-74-W**

**BRUCE WALLACE LESLIE, MD**

**CONSENT ORDER**

The West Virginia Board of Medicine (“Board”) and Bruce Wallace Leslie, MD (“Dr. Leslie”), freely and voluntarily enter into the following Consent Order pursuant to West Virginia Code § 30-3-1, *et seq.*

**FINDINGS OF FACT**

The Board and Dr. Leslie stipulate to the truthfulness and accuracy of the facts, as set forth herein below:

1. Dr. Leslie holds a West Virginia medical license, No. 14236, which was first issued in 1985. Dr. Leslie’s address of record with the Board is in Petersburg, West Virginia.
2. On May 19, 2020, Dr. Leslie submitted his application for medical licensure renewal to the Board for the renewal period of October 1, 2020<sup>1</sup> through June 30, 2022.
3. Certification of completion of all required Continuing Medical Education (“CME”) is required to renew a West Virginia medical license.
4. Renewal applicants who cannot certify that they have completed all required CME are ineligible for license renewal.
5. On his 2020 renewal application, Dr. Leslie certified to the Board that he had complied with all CME requirements for the renewal of his license, including a minimum of three (3)

<sup>1</sup> Due to the COVID-19 pandemic, the renewal deadline for physician licenses set to expire in 2020 was extended from June 30, 2020 until September 30, 2020.

hours in a Board-approved course on drug diversion training and best practice prescribing of controlled substances training.

6. To accurately certify compliance with all CME requirements necessary to renew licensure for the period of October 2020 through June 2022, a licensee was required to have completed, between July 1, 2018 through September 30, 2020, a minimum of three hours in a Board approved course on drug diversion training and best practice prescribing of controlled substances training (or received a waiver from the Board for this CME because the licensee did not prescribe, administer or dispense any controlled substances whatsoever between July 1, 2018 and September 30, 2020 pursuant to their West Virginia license).

7. Additionally, between July 1, 2018 through September 30, 2020, the licensee must have completed one of the following four CME Options:

- a. Successfully completed a minimum of fifty hours of CME credits designated as Category I by the American Medical Association or American Academy of Family Physicians (twenty hours of the required fifty hours may be obtained through the teaching and preceptorship of medical students); or
- b. Successfully passed a certification or recertification examination of an American Board of Medical Specialties (“ABMS”) member board and received certification or recertification; or
- c. Be ABMS board certified and possess documentation of successful involvement in maintenance of certification from the ABMS member board; or
- d. Successfully completed one full year of Accreditation Council for Graduate Medical Education (“ACGME”) approved post-graduate training.

8. On or about January 11, 2021, the Board notified Dr. Leslie that he had been randomly selected for the Board's annual CME audit.

9. Dr. Leslie was unable to produce documentation corroborating his certification that he successfully completed his CME requirements for the period of July 1, 2018 through September 30, 2020 within the requisite time frame.

10. The documentation provided by Dr. Leslie supports twenty (20) hours of CME credit earned for teaching medical students or residents between July 1, 2018 through September 30, 2020.

11. Dr. Leslie therefore had a deficiency of thirty (30) hours in CME credit, including the required three CME hours in a Board approved course on drug diversion training and best practice prescribing of a controlled substance.

12. Dr. Leslie's representation in his 2020 renewal application that he had completed all required CME for the period of July 1, 2018 through September 30, 2020 was incorrect.

13. On January 25, 2021, Dr. Leslie completed a three (3) hour Board approved course on drug diversion training and best practice prescribing of controlled substances training.

14. In February 2021, Dr. Leslie completed the remaining 27 CME hours that he was deficient during the renewal period of July 1, 2018 through September 30, 2020.

15. The Board and Dr. Leslie voluntarily enter into this Consent Order to resolve Complaint No. 21-74-W and to protect the public interest.

### **CONCLUSIONS OF LAW**

The Board and Dr. Leslie stipulate to the following conclusions of law:

1. Dr. Leslie's license to practice medicine and surgery in the state of West Virginia is subject to regulation and discipline by the Board, the "regulatory and disciplinary body for the practice

of medicine and surgery” for physicians, podiatrists and physician assistants in West Virginia. W. Va. Code §§ 30-3-5 and 30-3-7(a).

2. The Board has a mandate to ensure “a professional environment that encourages the delivery of quality medical services” to protect the public interest. W. Va. Code § 30-3-2.

3. The West Virginia Medical Practice Act sets forth conduct which may render an individual unqualified for licensure or subject to discipline or other restrictions upon licensure. W. Va. Code § 30-3-14. Pursuant to W. Va. Code § 30-1-8(c), the Board has promulgated legislative rules that “delineate conduct, practices or acts which, in the judgment of the board, constitute professional negligence, a willful departure from accepted standards of professional conduct and/or which may render an individual unqualified or unfit for licensure, registration or other authorization to practice.” See W. Va. Code R. § 11-1A-12.

4. Probable cause may exist to substantiate disciplinary charges against Dr. Leslie pursuant to W. Va. Code §§ 30-3-14 (c)(1) and (17), W. Va. Code R. §§ 11-1A-12.1.e and 12.1.j, and W. Va. Code R. §§ 11-6-5.3 and 5.4.

5. It is appropriate and in the public interest to waive the commencement of proceedings against Dr. Leslie and to proceed without further investigation, the filing of charges, or a formal Complaint and Notice of Hearing, subject to compliance by Dr. Leslie with the provisions of this Consent Order.

6. This Consent Order sets forth reasonable and appropriate discipline upon Dr. Leslie in the form of an administrative fine.

7. The discipline imposed by this Consent Order does not relate to the delivery of health care services by Dr. Leslie.
