On August 17, 2022, Michael Antonio Reynolds, MD and the Board entered into a Consent Order which issued Dr. Reynolds a medical license and restricted his practice in West Virginia to the specialty of addiction medicine with additional terms and conditions, including participation in the WVMPHP and his maintenance and submission of controlled substance prescribing logs beginning on November 1, 2022. This is an annual appearance pursuant to the terms of Dr. Reynolds' Consent Order.[2] The Committee determined no action is required at this time. The Committee will continue to monitor the Consent Order.

Licensure Applications for Committee Action
Candidates for Licensure Not Requiring Individualized Review

The Committee received and reviewed a list of 65 initial medical licensure applicants, a list of one administrative medicine licensure applicant, and a list of two initial podiatric licensure applicants. Copies of these lists are attached to these minutes and incorporated herein by reference as **Attachment 1, Attachment 2** and **Attachment 3** respectively. Applicants appearing on **Attachments 1-3** submitted applications which did not require an appearance or individual discussion. Members of the Committee reviewed the lists for conflicts. With no conflicts declared, **Rev. Harman** moved that the Committee approve the lists of initial medical licensure, administrative medicine licensure, and initial podiatric licensure applicants. **Rev. Harman** further moved that the Committee recommend that the Board grant each applicant the requested license. **Ms. Takubo** seconded the motion, and the motion carried.

Other Committee Discussions
Inquiry Regarding Pathology

The Committee reviewed an inquiry concerning whether a pathologist practicing traditional pathology (i.e. utilizing physician specimen slides) is eligible for an interstate telehealth registration. After robust discussion, **Rev. Harman** moved that the Committee direct staff to advise the requestor that physical slide/specimen review does not constitute the practice of telehealth and therefore is not practice which would be authorized by an interstate telehealth registration. **Ms. Takubo** seconded the motion, and the motion carried. **Rev. Harman** left the meeting at this time and was absent for the remainder of the meeting.

Other Committee Discussions
Licensure Activity Reports

The Committee received an update on the following Licensure Activity and Other Practice Credentials for January and February 2026:

IMLC Expedited Licenses
IMLC Letters of Qualifications (LOQs)
IMLC Redesignation of State of Principal Licensure
Interstate Telehealth Registrations
Educational Permits
Reciprocal Educational Permits
Reinstatements of Medical Licensure
Reactivations of Medical Licensure
Changes of Licensure Status to Active
UPOLA

Copies of these reports are attached to these minutes and incorporated herein by reference as **Attachment 4**.

Other Committee Discussions
Digital Signatures

The Committee discussed the proliferation of the use of digital signatures in the completion of application materials and confirmed that the executive director may continue to exercise discretion in accepting digital signatures on licensure documents in circumstances where it is appropriate and when hallmarks of authenticity are present.

Other Committee Discussions
Legislative Update

Mr. Spangler provided the Committee with a brief update concerning legislative updates from the 2026 legislative session. A comprehensive update will be provided to all members at Monday's meeting as part of the Legislative Committee report.

Other Committee Discussions
Update on Compacts

Mr. Spangler provided an update on licensing compacts. Mr. Spangler reported that there are now 45 member states of the Interstate Medical Licensure Compact with New Mexico being the most recent to join. Mr. Spangler also reported that Michigan's participation in the compact is currently in jeopardy due to a legislative conflict currently in progress in Michigan's legislature. If not resolved by March 28, 2026, physicians who utilize Michigan as their state of principal licensure will have to make other arrangements to continue participation in the compact. Staff are monitoring the situation and will engage in outreach to the approximately 150 affected West Virginia licensees, if needed.

Mr. Spangler also reported that the Interstate Podiatric Licensure Compact may be introduced during the 2027 legislative session.

Other Committee Discussions
Renewal Update

Mr. Spangler reported that Interstate Telehealth Registration renewal began on February 4, 2026 and will conclude on March 31, 2026. When renewal began, 214 physician registrants were eligible to renew. As of March 5, 2026, 111 physicians have renewed and 103 have not yet completed the renewal process. Final figures will be provided at the May meeting. Renewal for A-L physicians, A-L controlled substance dispensing physicians, educational permit holders and PLLCs begins on May 6, 2026.

Adjournment

There being no further business to consider, **Ms. Takubo** moved to adjourn the meeting. **Dr. Devaraj** seconded the motion, and the motion carried. **Dr. Patel** adjourned the meeting at 2:04 pm.
