Consideration of Correspondence Which Expresses Concerns Related to the Compounding of Medications

The Committee directed Board staff to thank the individual for raising their concerns and to advise that the Board of Medicine will communicate with the West Virginia Board of Pharmacy regarding this matter.

Consideration of an Inquiry Regarding the Scope of Practice for First Assistants

Dr. Lilly reported that the Committee considered correspondence regarding the utilization of surgical first assistants to close surgical incisions while the surgeon is in an adjacent room. The Committee directed Board staff to advise the individual that while the Board does not have a specific policy related to first assistants, in general, a physician may delegate medical acts to individuals who have the appropriate education, training and experience to perform the acts, and the physician remains responsible for the delegated procedures. When physician delegation occurs within a health care facility, any credentialing requirements and/or protocols adopted by the institution may limit such delegation. Board staff will also recommend that the individual consult with other boards who have jurisdiction over the relevant professions which are not regulated by the Board of Medicine.

Proposed Modernization of Application Questions

Dr. Lilly reported that that Board of Medicine licensure application questions, including the professional practice, character and fitness questions, have not been substantially updated since 2012. Delegation of Authority from the Board for the Legislative Committee to Act on Behalf of the Board with Regard to 2027 Rulemaking, Including Legislative and Emergency Rules

Prior to today's meeting, a copy of House Bill 5458 and House Bill 5325 were made available for members to review.

Dr. Lilly reported that the Legislative Committee did not meet this weekend. However, the Committee has been extremely busy and has a lot of work ahead because while the legislative session has concluded, rulemaking is underway. At the March meeting, the West Virginia Legislature was still in session, and the fate of the two Board of Medicine bills were up in the air: House Bill 5458, to modernize the West Virginia Medical Practice Act, which included new regulatory authority for genetic counselors, and House Bill 5325 related to emeritus licenses. Both bills completed the legislative process and were signed into law by the Governor.

Dr. Lilly reported that the Legislative Committee will need to hold interim meetings prior to the July meeting cycle; therefore, the Executive / Management Committee recommended that the Board delegate authority to the Legislative Committee to act on behalf of the Board with regard to rulemaking between today, May 18, 2026, and July 12, 2026. Lifting of Automatic Suspension Imposed Pursuant to Interstate Medical Licensure Compact

Ms. Mayfield reported that on July 17, 2023, Sunil Radhakrishna Kurup, MD was issued an expedited West Virginia medical license, License No. 32820, through the Interstate Medical Licensure Compact Commission ("IMLCC"). Effective September 23, 2025, Colorado suspended Dr. Kurup's expedited (IMLCC) Colorado license. By operation of compact law, on September 24, 2025, the Board automatically suspended Dr. Kurup's West Virginia medical license based upon the action by Colorado. West Virginia Code § 30-1C-10(d) provides that:

> If a license granted to a physician by a member board is revoked, surrendered or relinquished in lieu of discipline, or suspended, then any licenses issued to the physician by any other member boards shall be suspended, automatically and immediately without further action necessary by the other member boards, for ninety days upon entry of the order by the disciplining board, to permit the member boards to investigate the basis for the action under the Medical Practice Act of that state. A member board may terminate the automatic suspension of the license it issued prior to the completion of the ninety-day suspension period in a manner consistent with the Medical Practice Act of that state.

At its next regular meeting, the Committee initiated Complaint No. 25-110-W to investigate the basis for the action. Dr. Kurup's Colorado license has now been reinstated by the Colorado Medical Board. As such, the Committee has concluded its investigation and dismissed the complaint without further disciplinary action. Having found no reason to proceed against the licensee, the Committee moved that the Board lift the automatic suspension and restore Dr. Kurup's license to practice in West Virginia. The motion of the Committee was given by Ms. Mayfield, and the motion carried without opposition.

Acceptance and Ratification of Report

The Committee recommended that the Board accept and ratify the Licensure Committee Report. The motion of the Committee was given by Ms. Mayfield, and the motion carried without opposition.

Adjournment

There being no further business to consider, Mr. Wooton moved that the meeting adjourn. Dr. Dockery seconded the motion, and the motion carried without opposition.
